

## NTC Future Star Scholarship Regulations

### I. Purpose:

Nanya Technology Corporation(NTC) established the scholarship in order to encourage students in academic research and semiconductor studies. We hope outstanding students will continue devoting themselves to innovative technology and pursuing goals in the semiconductor field.

### II. Application Period:

**Sep. 1 to Sep. 30, 2024.** Late application will not be accepted.

### III. Eligibility: An applicant must meet the following criteria

- (1) Subject: College/University students in junior year or above, including master and Ph.D. program (excluding division of continuing education, in-service program, in-service credit program).
- (2) School/Major: National Universities (including university of science and technology), Chang Gung University, Chang Gung University of Science and Technology, and Ming Chi University of Technology. Major in electrical, electronics, optoelectronics, materials, physics, chemistry, chemical engineering, mechanical engineering, information engineering, and other related majors.
- (3) Grade:
  1. Academic Performance: Academic scores with 80 or above and have passed all academic subjects in the previous academic year.
  2. Conduct Grade: Grade with 75 or above in the previous academic year; no demerits recorded during the school year.
- (4) Those who have not been selected or shortlisted with the same paper.
- (5) Those who have not received other scholarships of NTC.
- (6) Those who is available to attend the award ceremony.**

### IV. Desirable Features:

Applicants' research papers or articles are related to the fields of Innovation in the Smart Age, Semiconductors, or Memory will be given additional points.

## V. Content:

Scholarship Quotas: 3 for Ph.D.'s degree, 3 for Master's degree; the final scholarship quotas will be determined by the application situation.

### (1) PhD group

- "Gold Award" NTD90,000 per student.
- "Silver Award" NTD75,000 per student.
- "Bronze Award" NTD50,000 per student.
- "Nomination Award " NTD10,000 per student.

### (2) Master group

- "Gold Award" NTD50,000 per student.
- "Silver Award" NTD30,000 per student.
- "Bronze Award" NTD20,000 per student.
- "Nomination Award " NTD5,000 per student.

## VI. Application Documents:

Application materials are combined into a single PDF file (less than 15MB) in the following order.

\*Information marked as non-required.

- (1) Proof of identity: One copy of the front and back of student ID card and ID card.
- (2) Transcript: An original copy of the transcript for the previous academic year (the academic and behavioral scores must be indicated on the transcript).
- (3) Autobiography: At least 800 words, including personal strengths/weaknesses, future self-planning, etc.
- (4) Research projects: Creative ideas or contributions to the semiconductor industry are especially preferred.
- (5) Others\*: Photos of other types of outstanding supporting evidence (award records, special research, journal submissions, certificates, English test transcripts, etc.).

## VII. Notes to Applicants

- (1) The file name format is "OO Group OOO University OOO Department Your Name"  
For example: PhD Group National Taiwan University Institute of Electronic Engineering Your Name.
- (2) Please upload your file to the designated Google Drive. Those who do not follow This format or the data is unclear and cannot be identified will be disqualified. Eligibility without notice.

## VIII. Selection Process:

Phase I: Paper review

Phase II : Oral exam

We will arrange an oral exam which consist of 20-minute presentation and 10-minute Q&A section.

Those who are enrolled in Phase II are eligible for the Nomination Award. The judges will then select the winners for the "Gold Award", "Silver Award" and "Bronze Award."

## IX. Evaluation Standard:

Items		Detail Explanation	Percentage
Phase I (paper) 40%	Research paper/ Case study	The purpose of the Research	20%
		Creativity	20%
		Quality of the article	20%
		The result of the research	20%
		Semiconductor implementation value	20%
Phase II (oral) 60%	Slides	Information is clear and structured	20%
	Presentation	Presentation skill and responding to questions	20%
		Professional knowledge and capability	20%
	Semiconductor implementation value	Contribution to the semiconductor field	20%
	Future potential	Future possibility through cultivation	20%

X. Schedule:

- (1) The scholarship winners will receive the scholarship within three months after the public scholarship winner announcement. The bank account provided for us should be the applicants' account. If not, the candidates will be disqualified without notification.
- (2) NTC will notify the winners to receive the award at a given time to make a public announcement. If the respond is overdue, it will be deemed to be voluntarily abandoned and will no longer be accepted. The winner list will be announced on our website and social media platforms. The award ceremony will be held with further notice.

XI. Others:

- (1) If any matters are not mentioned in the regulations, they will be discussed according to the situation in each case.
- (2) All submitted materials should not infringe the rights of others. Applicants will be held legally responsible for any violations.
- (3) The scholarship is accounted for as other income. The Company is not required to withhold and remit tax for the scholarship. NTC will follow the Income Tax Act to issue non-withholding tax statements for applicants to file for personal income tax.
